

Refresh P 140 | Small price, great performance

Specifications	RFP140
Cabinet	Stainless steel
Dispensing	Cold
Number of spouts	2
Simultaneous dispensing	Yes
Energy-saving design	Yes
Cooling capacity	48 L/h ^[1]
Continuous	2 L ^[2]
Cold water temperature	3 / 12 (°C)
Adjustable temperature	Yes
Condensation method	Forced ventilation (fan)
Cooling technology	Silver Turbo Clean - NSF listed ^[3]
Internal space for accessories	Water filtration system
Noise level	<52 dB
Inlet water pipe	Fast fitting tube o.d. 1/4"
Waste water pipe connection	Pipe ID 18.7 mm
Mains water pressure	1-5 bar
Power	230 V / 50 Hz
Power consumption	0.9 A / 130 W
Compressor power	1/10 Hp
Energy Class	A+
Refrigerant gas	R600a
Unit weight / Shipping weight	24 / 26 (kg)
Dimensions (H x W x D)	98 x 31 x 31
Packaging dimensions (H x W x D)	110 x 37.5 x 33
Units per pallet	6
