## Product Fiche

### The basic information

**Model:** <sup>APD-09FCXB</sup>

**Manufacturer / Address:** <sup>Eurofred C/ Marqués de Sentmenat, 97  
08029 Barcelona</sup>

**Sound power level:** <sup>64dB(A)</sup>

**Refrigerant:** R290

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 3 times higher than 1 kg of CO<sub>2</sub>, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

### Cooling mode

**EER rated:** <sup>2.6</sup>

**Energy efficiency class:** <sup>A</sup>

**Prated:** <sup>2640W</sup>

Energy consumption <sup>1.0</sup> kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.

### Heating mode

**COP rated:** <sup>3.4</sup>

**Energy efficiency class:** <sup>A++</sup>

**Prated:** <sup>2560W</sup>

Energy consumption <sup>1.0</sup> kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.
