

## Product Fiche

### The basic information

**Model:** APD-12FCB

**Manufacturer / Address:** Eurofred C/ Marqués de Sentmenat, 97  
08029 Barcelona

**Sound power level:** 65dB(A)

**Refrigerant:** R290

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 3 times higher than 1 kg of CO<sub>2</sub> over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

### Cooling mode

**EER rated:** 2.6

**Energy efficiency class:** A

**Prated:** 3500W

Energy consumption<sup>1,3</sup> kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.

### Heating mode

**COP rated:** 2.8

**Energy efficiency class:** A+

**Prated:** 3200W

Energy consumption<sup>1,1</sup> kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.
